Our vision is to inspire internationally-minded, balanced learners who thrive and become active global citizens.

INTERNATIONAL
ROBOT CAMP
@UDIS
9 - 11
APRIL 2021

Join the UDIS robot camps in April!

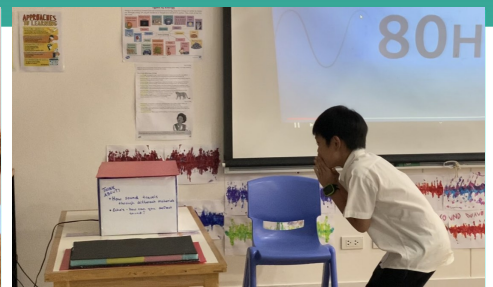

K1: We are scientists!

We are inquiring about how the world works through science and how materials change. We are learning to observe and note how a material changes during an experiment. Our EY learners are also working to prepare ourselves for the SLC's coming soon and sharing these great experiences with their parents.

Y1/2: Assembly leaders

Our international mindedness assembly was an awesome success. The children who visited each station were extremely interested in the videos we shared. The children in Year 1/2 enjoyed presenting the videos and singing the songs and it was great to welcome parents back into the school buildings to view the assembly.

Y4/5: Soundproofing Challenge

Year 4/5 joined in a sound elimination challenge to celebrate the end of our current unit. They were tasked with using their knowledge of sound waves to create a lid to eliminate as much sound energy as possible. Daiki had chosen foam as his medium to block the sound but also threw in a little prayer for good luck!! This was a winning formula as his creation eliminated the most sound waves.

Message from the school

We have been talking a lot about international mindedness this month with international day and our upcoming Songkran event. But what is international mindedness?

At UDIS, our definition of international mindedness draws from both the IB and CIS. The IB defines this as developing citizens of the world in relation to culture, language and learning to live together. CIS has a similar understanding that talks about the rounded development of global citizens, as human beings who believe in responsible social action, inter and intra-cultural understanding and appreciation and are promoters of conflict resolution and peace.

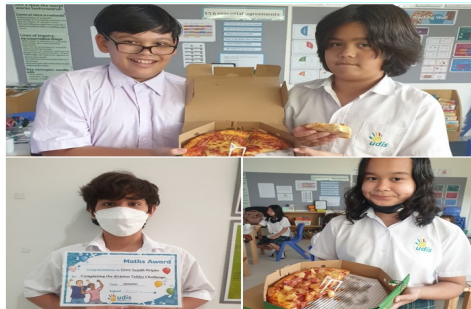

So why is this important for our learners? Learners who have developed a strong sense of international mindedness will have the tools they need to work in our global world. They will have an understanding of themselves, and they will have an understanding of the differences that others have. They will have the skills to learn and acquire knowledge, individually or collaboratively, and to apply these skills and knowledge accordingly across a broad range of areas. We think this is something important to teach our learners. That's why this is front and center as part of our school vision:

UDIS inspires internationally-minded, balanced learners who thrive and become active global citizens.

Y6 are Fashion Designers

Year 6 have designed and created their own tee-shirts that represent themselves. They prepared a runway show followed by a personal reflection about the garment they produced. Their work showed great creativity and was produced independently from their own design proposal.

Student Success: Y6 mathematicians

Year 6 recently held a Pizza Party to celebrate everyone completing our multiplication facts challenge successfully! Children are now working on their division facts and we anticipate another celebration in the upcoming weeks.

Languages at UDIS: Thai spelling

Year 3 learners have been working on their spelling of “บ, ป, พ, ก, ฟ” or “/B/, /P/, /PH/, /PHE/, /V/” sounds. Learners worked in groups and helped brainstorm to find words with these sounds. Well done Year 3!

Staff intro: Ms. Phibz

I am Ms Phibz. I am the EY Coordinator and KI homeroom teacher at UDIS. I love what I do working at UDIS, but I also enjoy cooking, traveling but most importantly spending time with my family whenever I can.

School notices: Robots

INTERNATIONAL ROBOT CAMP @UDIS 10 - 11 APRIL 2021

BEAM ROBOT
 สัปดาห์ที่ 5 - 7 0
 วันอาทิตย์ 10 เม.ย. เวลา 10.00 - 15.00
 วันอาทิตย์ที่ 11 เม.ย. เวลา 9.30 - 12.00
 ราคา 3,500 บาท
 รวมอุปกรณ์ อาหารว่าง อาหารกลางวัน และมีใบประกาศนียบัตรเล็กๆ ทุกคน

สนใจสมัครเรียนที่นี่
