

UDON THANI INTERNATIONAL SCHOOL

# NEWSLETTER

Our vision is to inspire internationally-minded, balanced learners who thrive and become active global citizens.

## UDIS Songkran!

### K2: Hands on science

K2 have been exploring different science experiments as part of their UOI. We have been making ice volcanoes and clouds. K2 have loved exploring and investigating different aspects of Science.

### Year 3: Trioramas

For the end of Unit 4 showcase the learners made trioramas to record their understanding of the three key concepts of: Change, form and connection. These trioramas have four sides for each key concept and our central idea "the design of buildings is dependent on the environment, human ideas and available materials." Pictured here are Ichi and Hugo busy preparing theirs.

### Year 7/8: Exploring maps

In Individuals and Societies we have been learning about the different features used in maps and how some maps are not always accurate. These skills will be useful as we progress to our next unit to develop our understandings about how settlements are created and what the most effective ways are to keep these sustainable.

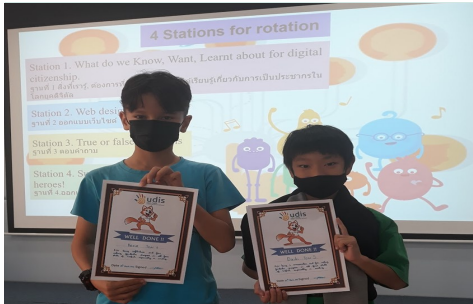

# Message from the school

Over this term we have been focusing a lot on international mindedness with our Chinese New Year, International Day and Songkran events. Developing international mindedness is a key element of the school's guiding statements. Another key element is our vision for high quality learning.

High learning at UDIS means learning which is goal focused, student initiated and led, where students are actively engaged, motivated and responsible for their learning and which involves critical thinking skills such as evaluation, synthesis and cognition within a teacher supported, active environment.

The student led conferences have been a great opportunity for learners to show their own agency in their learning. Learners were able to celebrate their accomplishments with their parents and identify areas of development and targets for themselves. At UDIS we believe that learners taking responsibility for their learning will help them develop positive attitudes towards learning that will aid them well for their futures.

It has been a long term and we will be off on our Songkran break. We look forward to seeing everyone back again for Term 3.

### Learners exiting EAL

Well done to Kevin and Daiki for making fantastic progress in all four skills of English especially in writing. They can now continue their learning here at UDIS without EAL support. Congratulations!

### PSPE: You're out!

These last few weeks our PY learners have been playing a tee-ball version of baseball. By playing baseball we improve not only our physical strength but also our motor skills, such as striking and catching. Most of the learners have never had a chance to play baseball before and they really enjoyed it.

### PTA update: Working with the school

At our most recent PTA meeting, the PTA discussed organisation for the school's Songkran event and the upcoming CIS team visit. The PTA also discussed the Covid situation and our campus reopening for parents. Thanks to the PTA for your efforts.

### Staff profile: Ms. Pae

Hello, I am Pae and I am the school's Admissions Manager. I enjoy meeting with parents to share ideas and experiences about education and the school. In my free time I love to travel to the countryside with my family, garden and also watch Netflix at home.

### School notices: Robots

**INTERNATIONAL ROBOT CAMP @UDIS**  
10 - 11 APRIL 2021

**BEAM ROBOT**  
สำหรับอายุ 5 - 7 ปี  
วันเสาร์ที่ 10 เม.ย. เวลา 10.00 - 15.00  
วันอาทิตย์ที่ 11 เม.ย. เวลา 9.30 - 12.00  
ราคา 3,500 บาท  
รวมอุปกรณ์ อาหารว่าง อาหารกลางวัน และมีใบประกาศนียบัตรเล็กๆ ทุกคน

สนใจสมัครเรียนที่นี่  
ติดต่อคุณครูผู้ดูแลนักเรียนนานาชาติ  
หรือคุณครูผู้ดูแลโรงเรียนอนุบาล และโรงเรียนประถม  
และติดต่อคุณครูผู้ดูแล ฝ่ายวิชาการชั้นประถมศึกษา
