Our vision is to inspire internationally-minded, balanced learners who thrive and become active global citizens.

PYP Exhibition

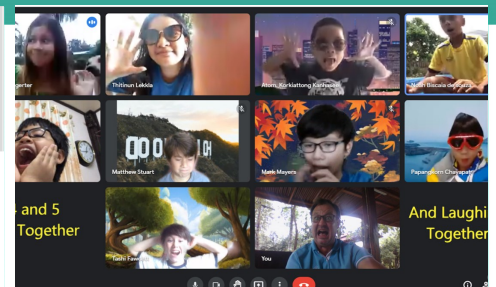

K1: What do I want to be?

During our Unit 'How we organise ourselves', we are inquiring about communities. Learners from K1 have been discussing what they want to be when they grow up. They have been risktakers throughout our learning tasks. Here is an example of one of our learners. Scan the QR code to find out more!

Y1/2: Online and organised

Years 1 and 2 have embraced the opportunity to show their maturity and learning through their use of technology, during our online learning. They have been able to join meetings, present work online and produce quality work while at home, with their parents' support. Praise and thanks go to all the mums and dads during this challenging time, for their help at home with their children's development.

Y4/5: Working together!

Requirements: Year 4 and 5 had the opportunity to reunite as a whole class in order to perform our class created quatrain for the end of the year show. Despite the technical challenges of having a whole group production online patience endured and we believe we managed to make a great little video. We hope everyone tunes into the end of the year show to watch the fruits of our labour.

Message from the school

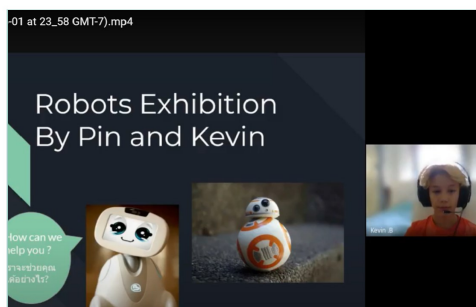

At this time of the term, we are busy working on reports and it has been such a privilege to have been able to read these and see all the amazing progress that our learners have accomplished. What has really struck me this year, is the success our learners have displayed across a range of our learning areas from academics to dance, arts, music and physical education. It is truly a benefit of our IB curriculum that our learners have these opportunities.

Our Year 6 learners have just completed the PYP Exhibitions. Our learners, and their teachers, have been working hard to inquire into a subject of their own interest, take some action and to present it back to our community. It was wonderful to see Year 6 take charge of their learning and begin to realise that they can make a difference. Well done Year 6!

Finally, we are so excited to be back face to face soon. This will be a great chance to reconnect and end the year on a high. We will have one final newsletter of the year which is planned as a celebration so please look out for that. We are also busy planning our online end of year event as well for Friday 25 June.

Best regards

Dr. Lindsay Stuart

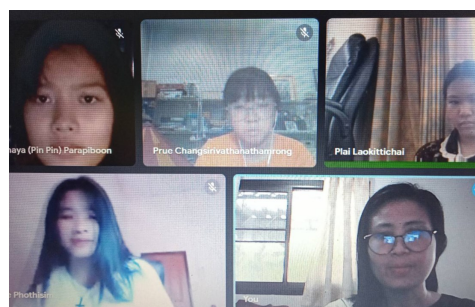

Y6: PYP Exhibition

Year 6 presented their Exhibition Projects centred around the theme of small things can bring about a big change. It enabled the children to display many of the Learner Profile attitudes and attributes that they have developed during the PYP. The presentations were about Mental Health, Robots, Heart and Lung Disease, Plastic Waste and The Red Lotus Lake. Well done Year 6!

Student success at UDIS: Bowon

Here is Bowon using drawing software at home to complete a task about the Earth's natural resources. Bowon has also been super organised and was able to create his own personal organiser, to keep him aware of what times his lesson meetings are each day. Keep up the good work Bowon!

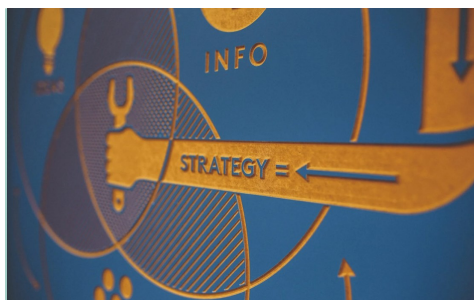

Languages at UDIS: Thai literature

Year 7/8 have been learning about Thai literature and the folk tales that have been passed down locally from generation to generation. We have focused on the Southern folk tales, Ta Mong Lao (ตอมองล้าย) and learners have had fun interpreting what these are about and sharing their opinions. We then tied these back to local places such as "Mae Ram-phueng Beach".

Staff intro: Ms. Charlie

Charlie is an EY Teacher at UDIS and is also involved with our Learning Support department. She enjoys travelling around Thailand to experience the culture, the food and visiting temples. Charlie is currently learning to speak Brazilian Portuguese and enjoys cooking new recipes at home. She also loves to have video calls with her friends and family in the UK, Brazil and other countries around the world.

School notice/PTA/Board

Over the past week both the PTA and the School Board have held important meetings that have focused on the development of a school action plan for 2021/2022. The action plan is drawn from the feedback of our community so thanks to all those who have given feedback into this for the school.

Announcements and events

Staff for 2021/2022

Check out our staff lineup on our website or with the QR code.

Events:

25 June Final day of Term 3 (new finish date)
9 August Start of Term 1 2021/2022 (no changes)
